Senior Class History

We entered High School like lambs and are now departing like lions. Four years ago, one September morning, thirty-nine seekers of knowledge entered the doors of P.H.S. with the intention of receiving and retaining all the knowledge there inclosed. But did we? ? ?

RUEL SPECK

MARCELLE OEHMKE

Under the able guidance of Mrs. McGee, our freshmen year was rather an eventful one. We welcomed nine students from New Rochester. Soon after, we lost Beatrice Legg, Mary Lou Malott, and Earl Oakley. Then we welcomed back Pauline Cobb and Doris Vestal. During the year we elected the following officers:

MARIAN SANDER

President: Ted Menter

Vice President: Bud Friesner

Secretary-Treasurer: Anita Ernesthausen

Reporter: Marjorie Kaemming

ORVILLE MCCOY

SAM COCHRAN

Green and white were our class colors. We had a Hallowe'en Party in Foster Gerwin's barn. The evening was spent playing games and dancing. The boys gave a party for the girls who had won the interclass tournament. Several of our boys were on the reserve basketball team.

September 1943! How time does fly. The second year of our high school career has begun. From the enrollment of thirty-eight students we chose the following officers.

President: Lillian Marten
Vice President: Ted Menter
Secretary: Milton Aring
Treasurer: Joan Beeker
Reporter: Margaret Hurdelbrink

Purple and white were chosen as our class colors. Again a number of our boys were on the basketball and baseball teams. Joan Beeker was a cheer leader. We also selected our class rings. In January we had a skating party at Bowling Green. The girls again came through "on top" in the interclass tournament. Mrs. White was our class sponsor.

At the beginning of our Junior year Mr. Huffman assumed the responsibility of sponsoring our class. We had thirty-six members this year. The following officers were elected.

President—Lillian Marten
Vice President—Sam Cochran
Secretary—Joan Beeker
Treasurer—Lowell Sander

Purple and white were chosen as class colors. The first big event of the year was the receiving of our class rings. Our treasury was enlarged by the magazine sale. On November third, came the presentation of our class play entitled, "One Mad Night." It was under the capable direction of Mrs. Lambert and Miss Curl. In November we also had a skating party at Perrysburg. Our girls again took the interclass tournament. The Junior-Senior Prom was held April 28. The gym was elaborately decorated. A canopy of red and white crepe paper graced the orchestra stand. Blue paper, stars, a moon, and blue lights represented the sky; a rock garden with a pool of gold fish in the center also added beauty. There was plenty of good food, too.

The year which we had been patiently waiting for arrived. Yes, we were seniors, all thirty seven of us. We had Mr. Myers as our sponsor. We chose the following officers:

President—Bud Freisner
Vice President—Ted Menter
Secretary—Anita Ernsthausen
Treasurer—Joan Beeker

The first great event of the year was the photographing of our beautiful and handsome faces at Leone Studios in Toledo, Ohio, October 15. Turkey raffels, magazine sale, and several suppers enlarged our treasury. Again several of our boys were on the basketball and baseball teams. We chose our class motto, colors, caps and gowns in January. On January 23, the Home Economics girls prepared a buffet supper for the boys. The evening was spent in dancing. Our class play was presented on April 26. The Junior Senior Banquet was another event that will never be forgotten. The Baccalaureate Service was held on May nineteenth under the direction of Rev. Dirksen. Commencement was held May 21.

MARY HUFFMAN

PEGGY HECKMAN

To our teachers, we offer thanks for their patience, advice, and guidance in our behalf.

Now that the year has drawn to a close, we shall never forget the four years we spent together. As we leave, some of us will be going one way and some the other, but our high school memories will never be erased.

GRADE NEWS

In the first grade, the main project was to encourage the parents to visit and see our regular work. One day each month the parents were sent an invitation to visit. The children who had birthdays during the months acted as hosts and hostesses. The response was fine and we feel that the parents appreciated this opportunity to know their school better.

After our regular work the children served tea and cookies to the visitors.

During this past year we of the third grade tried to read more and better books. In our room we had a chart to record our progress. Our aim was to read at least twenty-five books each and many of us reached our goal.

All the grades are members of the Junior Red Cross. During the year, Junior Red Cross boxes were packed for the children of war torn countries. Bags of clothing were gathered as another project.

The children helped with the membership drive of the P.T.A. and were given a treat at Christmas of candy and oranges.

At Easter time, seals were sold by all the grades for the Crippled Children's Society.

The fourth, fifth, and sixth grades handled the selling of tickets for the "Gay Nineties," a play sponsored by the American Legion. The fourth won the prize of five dollars.

Once again Mrs. Ward graciously accepted the responsibility of conducting the nature study lessons of our Audubon Society for the third, fourth, fifth, and sixth grades.

BASEBALL

The 1945-46 baseball season opened with only four lettermen returning to add their experience to the team. Consequently much hard work was necessary both on the boys' part and Mr. Schubert's. Although we didn't have much time to whip a team into a smoothly running organization, the boys were still eager to start the season. The season opened with a game with an experienced team from Webster playing at their home field. Something went wrong with the Pemberville defense during the first two innings. After we once got started we pulled up steadily, but innings ran out on us and the game ended 16 to 5 in favor of Webster.

During the next week the boys—determined not to have any more serious setbacks—really started to "bear down." The next game was with a strong Walbridge team, but the boys true to their expectations defeated them 7 to 3.

After that game things looked a little brighter around School and when Haskins came over on Sept. 21, the team turned it on and sent Haskins back home with a story of a game that ended 12-5, Pemberville. A remarkable feature of that game was that Pemberville scored 11 runs in one inning.

The next game was a tough one again with Webster, this time here. Although we tried hard, we still came out at bottom. The score read 6-1.

The Wood County Tournament started with Pemberville mixing with Haskins. The Big Reds were out for revenge but it did not come to them. We started the first inning with a bang, scoring 10 runs. That took the spirit out of Haskins and as Pemberville knocked pitcher after pitcher out of the box they looked very sad. We set something of a record for that game, sending 47 men to bat and scoring 21 runs. Haskins scored 12.

The next game was with Lake but we had difficulty in playing it because of being rained out so much. In spite of the rain, we finally were able to complete a game. Pemberville assumed the lead early in the game but the Flyers from Lake pulled up in the last inning to win the game by a single run.

We got to the semi-finals in the Tourney. All tournament games were played on the Bowling Green University diamond.

BASKETBALL

The redmen opened the season at home with Olney and looked very good. They started rolling early in the game and at halftime the score was 29-18. In the second half we still outscored the boys in blue. The final score was 50-37.

Walbridge then came over and reversed the scoring as the final score of this one was 23-17, at half-time they lead us 11-6.

Webster then came over to get a scalping at Redmen's hands, 31-27. Score at first quarter 6-4, Pemberville. At the half Webster was ahead 16-14. It was rather a close game, the score being tied at the end of third quarter, 23-23.

We then journeyed to Woodville to hand them a 7 point beating. The final score of a game of vengeance was 25-18.

Then we went to Lake. Here we picked up another point to win by 8 points. We didn't score so much though and the final score was 22-14.

Bradner was next on the list of away from-home games. There was a nine point "deciding factor" to this one. Bradner won 35-24.

Risingsun then came here to win a thriller. This game seesawed back and forth and as the gun sounded they happened to be ahead. Final score 28-26.

We then had a little "off-the-record" game with the Alumni. The boys outran the Alumni in the last quarter to win 28-25. Score at the end of the third quarter was 20-15 in favor of the Alumni.

Another thrilling league game was played here with Wayne. We fell behind early in the game, but in the second half pulled up and came within one point of tying the score. Final score Wayne 22, Redmen 21.

We then went to Gibsonburg and gave the Golden Bears a scare. After the game a remark was overheard that the Redmen had only to bow to Toledo Central as being the toughest team the Bears played. We were ahead in this one until the last 3½ minutes when the Bears hit their stride. Final score was 34-27.

We still stayed on the road going to Webster, so to speak, to win a second time from the Scots, this time 33-20.

On to Luckey; after this game there was much controversy here and there about a-shoebox. Luckey won 40-25.

Woodville came here on one of our off nights and brought down our average by winning 36-26.

Bradner then came over and in a nip and tuck affair came out on top 41-39.

Our next game was played with Risingsun on their floor. This one was another of the years numerous 2 pointers but we were still on the wrong end of the score which was 40-38.

In our last game of the season we got back on the winning trail by beating Wayne before the fullest gym we had ever seen. Final score 36-34—another 2 points.

The boys did well over the season winning 6 and losing 9. This is not the whole story though. Three games were lost by 2 points and one game was lost by 1. When playing under a terrific strain like that you prove your physical and mental ability and also your sportsmanship.

We drew Cygnet for tournament play and at half-time when the score was 15-15 the boys looked like they would win it. But they fell apart in the second half and the final score was 38-19. We missed the services of Biddle in that game as he sprained a wrist in practice.

RESERVE BASKETBALL

The reserve squad this year consisted of nine players, of which five were freshmen and four were Sophomores. None of the boys had played much basketball before, consequently they had a lot to learn and much experience to gain in order to come out with a winning team. Out of this year's reserve team, Pemberville should find the material for championship teams in the near future. This year's team won six games and lost ten and scored 335 points to their opponents 382.

SENIOR CLASS POEM

The Senior Class of '46
Is leaving soon we hope
To enter in the wide-wild world
And learn the latest dope.

Bud Friesner, is our president
Who wears the golden crown
He gets Ted Menter, our vice president,
To do the running around.

Anita, is our secretary
She acts busy all the time
But it's Joan our treasurer
Who handles every dime.

Ted Abke is our song bird
He croons all through the day.
Now for a nice young farmer
Foster can really make the hay.

Doey is our Romeo
He plays the part quite well,
Lois Bursiek is the Juliet
Together they look swell.

Sammy is the smart one
He's always on the ball
But if a joke is what you want
Just look around for Paul.

Lois Gockerman, is a restaurant girl
She really is a kindly soul
But if it's scholarship you want
Just send for our dear Lowell.

Arthur is the shy one
He doesn't say much at all
Orville is just like him
But, boy, can he play ball.

Doris Vestal is quite a gal
At cooking she does right fine
But if you want some sewing done
Just call on Mary Stein

Margaret is the little lady
Who Henry just adores
Gale is the clown of the class
Who lays them on the floor.

Marilyn and Carolyn,
Those little Duffey twins,
Where one of them leaves off
The other one begins

Now Patti and Pumpie
Sure like to cut a rug.
They do most any step
Even the Bunny Hug.

Irma and Marian want to be nurses
The reason I do not know;
After they get their diplomas
They sure will make things go.

Peggy and Marjorie are the reporters
For the dear old Pemberville Leader.
They skip classes and everything else
To get news for every reader.

At playing the piano
Clyde Haar can not be beaten,
And when Aušty adds his saxophone
It really sounds reet (en).

Now Jeanie and her "chev"
Are always seen together.
She picks Mousie up on her way to town
If it happens to be bad weather.

Pauline comes from Upper Sandusky,
She talks of it all the time.
Marilyn Ruch is from Genoa,
Guess what, this almost didn't rhyme.

Mary H. lives on a flower farm,
Which is on 6, a main route;
But when it comes to hoeing corn
Get Min to help you out.

Harold is our handyman
He sells us all our pop,
But when it comes to sleeping in class
Bob Reef is at the top.

Last but not the least is Dwight,
The riot of the class.
With Dear Mr. Myers as our sponsor
We all hope to pass.

CLASS PROPHECY

TIME: 1954

PLACE: New York, New York

SETTING: One of the world famous O'Halloran Cafeterias, of which Pumpie M. O'Halloran is co-owner.

Pumpie: Golly, am I glad you got here early so you can help me put these place cards on the tables.

Lois M.: Doey and I got here just as soon as the maid arrived at home to take care of the kids.

Pumpie: I guess Doey went to the kitchen with Mike. Here's Arthur Smith's card. Is he married?

Lois B.: Why, I guess so. Gee, he really progressed after we graduated, didn't he? Just imagine being able to say you helped to increase the population of Pemberville to 10,000 with a locker storage plant'.

Pumpie: And here's Peggy Heckman's name. She finally grew two inches and became an airline stewardess; she works with the same line on which Harold Hiser is a pilot!

Lois B.: Look out the window at the handsome Naval Officer and that girl! Well, what do you know! It's Loie and Jeff. I never will forget her wedding, will you? Those seven attendants and that beautiful church in Ann Arbor.

Lois G.: Hi, everybody! Where's all the men?

Pumpie: In the kitchen, you can go right on back, Jeff.

Lois G.: Have you and Doey gotten settled yet? Where are you living and how does he like his job on the New York Times?

Lois B.: Oh, he likes his job all right. And we have a swell penthouse; it has seven rooms and a bath. Weren't we lucky?

Pumpie: Well, we'd better get back to work. Here's Paul Spicer's name. We ought to have loads of fun with him; he's now writing jokes for Colliers and Saturday Evening Post.

Lois G.: Is Ted Abke going to be here?

Lois B.: I don't imagine. He's on tour with the N. Y. Opera. I guess they're now in London.

Pumpie: Min and Mary aren't going to be here because they can't leave their four little boys. I also got word from Foster that he won't be here either. Since he became Sec. of Agriculture, he is awfully busy.

Lois B.: Guess what we're going to do this afternoon after everyone gets here?

Lois G.: I haven't the slightest idea.

Pumpie: We're going to meet the Queen Mary when it docks.

Lois G.: What on earth for? We've all seen boats dock.

Lois B.: Well, on board is going to be none other than Lowell Sander, the famous brain surgeon. He and his wife Frieda and their little girl, are returning from Vienna, and a week from today he takes up his duties at the Mayo Clinic in Rochseter, New York.

Pumpie: And another passenger will be Marilyn Duffy. She is designing clothes for Vogue. You have seen the famous dresses by Marilyn. She went to Paris to see the new spring dress reviews.

Lois G.: Well that's really something to be proud of, but what happened to her twin Carolyn?

Pumpie: Oh, she married an executive of Ford Motor Company and they live in Detroit and have two girls. Here Lois put those six cards on that side of the table.

Lois B.: Should we seat Lillian and her husband and Margaret together? Since they became famous for their discovery of a positive cure for cancer; maybe, between the two of them, they can tell us something about it.

Lois G.: Are Marcella and her husband coming?

Pumpie: Oh yes, let's put them and Doris Vestal near each other since they're all in the same business.

Lois B.: I heard the other day that Marcella had enlarged her firm of beauty parlors throughout two states now. And Doris operates one in Illinois so she can be near her husband at Great Lakes.

Lois G.: Don't forget Anita and Joan. By the way where are they now?

Pumpie: Oh, yes! Well, Anita lives not far from here, with the president's children at Hyde Park. She tutors them in Latin, she's been there five years.

Lois B.: And Joan is flying from Florida. She can afford it, she's making about \$20,000 per year since she established her business college down in Miami.

CLASS PROPHECY

Lois G.: Did you know that Dwight Martin became a minister? I was really surprised. He has a church in Washington, D. C., and is married to Patti. They have two girls and one boy. Will wonders never cease!

Pumpie: No, they are always happening. Just think, Sam Cochran is the President of Massachusetts Institute of Technology and he makes about \$30,000 a year; he's also engaged to a prof's daughter. He's bringing her today so don't forget to put their cards on the table.

Lois B.: Austy got the job he wanted. He's coaching at OSU and this year his team won the National Collegiate basketball tournament.

Lois G.: Speaking of sports, no one has mentioned the most famous sportsman of the Class of '46. Bud Friesner. I saw his last fight and I still think that he'll be the World's Champion prize fighter till he's too old. I heard the broadcast the night he knocked out Joe Louis in the first round.

Pumpie: Then there's Orve McCoy. He's playing football with the Cleveland Rams and was elected All-American fullback last year.

Lois B.: I'll put them and their wives together at this table.

Lois G.: Say are Marian and Irma coming?

Pumpie: Irma isn't; she is on night duty at Ann Arbor. I guess she's really busy being head nurse and planning her spring Wedding.

Lois B.: But Marian is coming, she and her husband are both working at Walter Reed—they're flying through. He's a Major now, having been recently promoted.

Pumpie: I had a phone call from Pauline this morning and she said her husband can get off this afternoon so they'll be here around 1:30 o'clock. He's a Captain in the army and stationed at Governor's Island right here in New York.

Lois G.: I heard from my mother the other day; she said Mary Stein had married a man from Bowling Green and they live on a 200 acre farm at the edge of Pemberton, a suburb of Pemberville. Mary has two boys.

Pumpie: Yes, I heard from her the other day saying they couldn't come because of thrashing. And Mary Flora, (it used to be Huffman), wasn't sure whether they would be here or not. She's in San Francisco. After she graduated from O.S.U. she married a florist and they have the largest shop in California.

Lois B.: Gale is coming from Pennsylvania, he's there with the Ringling Bros. Circus, star clown you know.

Lois G.: Well he's really suited to his job.. Say, what ever happened to Bob Reef?

Pumpie: Oh, he's in Florida, working as an engineer. He's married and has two children, they say he makes about \$60,000 a year.

Lois B.: Do either of you know any news about Ted Menter?

Lois G.: No, only that he disappeared the day after we got our diplomas and no one has heard from him since!

Lois B.: We still have three names left. Here's Marjorie Kaemming's and here's Marilyn Ruch's.

Lois G.: Marjorie is teaching commercial subjects at the University of Toledo, and Marilyn Ruch is now the wife of a representative from Wood County. I don't know if they have any children or not.

Pumpie: After dinner comes the best surprise of all. We are all going up to the Starlight Roof of the Waldorf-Astoria and listen to Clyde Haar and his orchestra. Maybe he'll even play those two songs he composed in school and that later made the hit parade.

Lois B.: Well, I guess we've covered everybody. And we certainly ought to have a **good time tonight!**

Lois G.: Didn't we always?

"The Importance of Being Young" is a rollicking comedy which takes place at Overland College. Freddie Cooper, the famous child movie star and his bodyguard Tugger McCoy put in an appearance to have Freddie become the most popular boy on the campus, so they think, but he turns out to be a "heel." He interferes in the romance of Kit and Amy and causes Kit, who is working his way through college, to lose his scholarship. The boys set out to kidnap Freddie, cover his charming face with yellow paint and deposit him on the upper floor of the girl's dormitory. But by mistake they capture Dean Valentine, head of the college, who is a widower and who is very much infatuated with Mrs. Hall, the House Mother of Clover Cottage—where it all takes place. The children, Mrs. Hall's daughter and the Dean's son, are mortal enemies and when they hear that their parents are engaged they stop at nothing to hinder the marriage. Then another kidnaping occurs which is a mix-up. Tugger is uneducated and takes up the study of the English language with the wall-flower of the college, Emily, which proves to include more than learning English to be his goal.

Cora is a hard boiled type of girl who is a member of the student body. Midge, the fattest girl in school, brings many laughs in her attempt to reduce. In the end "Comic," the Dean's son and Mrs. Hall's daughter find a mutual love for each other and encourage the marriage of their parents. Freddie comes through and proves himself a man and wins the respect of the college. Kit also regains his scholarship and all ends at the seeming importance of being young.

Exaggeration as a fine art certainly calls for a strong head, a stout heart, and a good memory, and Peter Pepperdine has all these qualifications to fit him for a magnificent liar. When his exasperated aunt, in an effort to discipline him, starts on a summer tour of Palestine without him, he rents her mansion, against her expressed desire, to her dearest enemy, the mother of his ladylove, and masquerades as her butler, disguising his pal Bill as her gardener, and Muggsy, the despised college grind who is supposed to tutor him all summer, as her housemaid. And all this madcap scheming not only to provide Peter and Bill with ready cash but to enable them to discover whether their respective lady loves are flirting with older and wealthier suitors. The boys soon put a crimp in the suitors' wooings, especially after turning Muggsy loose on them to vamp them in his housemaid's disguise. And then Aunt Sarah spoils everything by suddenly canceling her trip and coming home. Once again, Peter, while teetering on the brink of comic catastrophe, manages to save himself and Bill by quick thinking and masterly lying, invoking the aid of a spook and some fictitious robbers to cover up his tracks.

ATHLETIC ASSOCIATION

SITTING: Ted Abke, Eloise Dierksheide, Ted Menter.
STANDING: Carolyn Rahe, Duane Patterson, Ronnie Bruning, Clyde Haar, Norma Ernsthausen, Mr. Schubert, Coach; Herbert Hebler.

An Athletic Association was again organized in our high school this year. All faculty members and anyone in the upper six grades were eligible for membership. This was gained by paying a fee of a quarter for which a membership card was given in return.

At the first meeting the following were elected as officers: Ted Abke, Pres.; Ted Menter, V. Pres.; Eloise Dierksheide, Sec.-Treas. A representative to the Association was chosen from each of the upper classes.

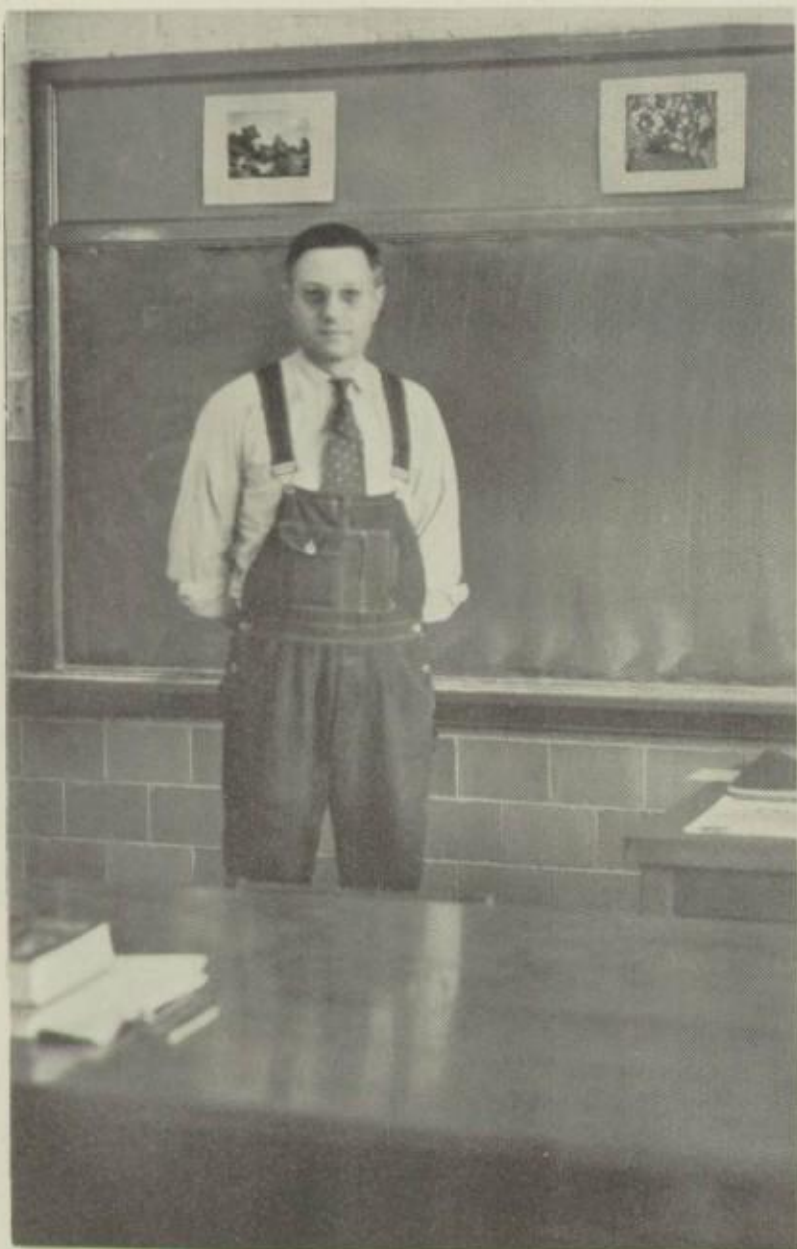

At the beginning of the basketball season the staff elected Milton Aring as manager of our team, Lowell Witker as scorekeeper, Earl Abke and Ray Dunham as timekeepers, Henrietta Krift, Herbert Titkemeier, and Eloise Dierksheide as cheerleaders, and Ted Menter as reporter for our games.

The president of the Association appointed committees to sell and take tickets and to sell pop at the games. Hats and pennants were sold to the student-body and pep meetings were sponsored by the Association.

This Association was formed for the purpose of creating a feeling of good fellowship between players and spectators, faculty and pupils and among the student-body themselves. It also strives to develop good sportsmanship and spirit in our school.

JOKES

Min: I love you, I adore you. I have always wanted you. Will you kiss me?
Mary: What for?

Dentist: Will you take gas?
Mr. Schubert: (Absentminded) Yeah, and you'd better look at the oil, too.

Lois B.: Do you love me with all your heart and soul.
Charles B.: Uh-huh
Lois B.: Do you think I'm the most beautiful girl in the world?
Charles B.: Uh-huh
Lois B.: Do you think my lips are like rose petals?
Charles B.: Uh-huh
Lois B.: Oh, you say the most beautiful things!

Ted A.: Why is a newspaper like a woman?
Clyde: Because every man should have one of his own and not run after his neighbors.

Joan: What would you do if you had had five dates with a man and he had never attempted to kiss you?
Jean: I'd lie about it.

Ted M.: Talking to Bud F.: You remind me of Moses because every time you open your mouth the bull rushes.

Mousie: What kind of an operation did you have?
Lois G.: A cafeteria operation. The doctors just helped themselves.

Melv K.: Hello, Ruth, do you still love me?
Eloise: Ruth? My name is Eloise.
Melv K.: I'm so sorry, I keep thinking this is Wednesday.

Ted M.: How do you feel?
Anita: I feel just like I look.
Ted M.: That's too bad.
